Job Posting - Assistant Professor of Integrated Engineering

Southern Utah University will be hiring a tenure-track position in the department of Integrated Engineering. The desired starting date is August 16, 2015. Review of applications will begin on February 6, 2015.

Qualifications for the position are:
1. Ph.D. in Mechanical Engineering.
2. Ability to teach in the areas of thermodynamics, fluid mechanics and heat transfer.
3. Familiarity with computer software commonly used in engineering design and analysis.
4. Excellent written and oral communication and interpersonal relationship skills.
5. History of community service and program development activities.

Preferred qualifications are:
1. Knowledge of the areas of renewable energy
2. Finite element methods and computer modeling
3. Professional registration as a Mechanical Engineer
4. Industrial design experience in thermodynamics, fluid mechanics or heat transfer
5. Familiarity with computer software commonly used in industrial design work in the above areas.

Salary will be commensurate with qualifications and experience; excellent benefits. To apply online and for further details:
